## BOROUGH FIGHT JUST BEGUN; WARM CONTESTS ANTICIPATED

First Advertising Started in  
Fall Campaign by Candi-  
date for School Director

### NON PARTISAN IN SPIRIT

Straight Ballots May This Year  
Decide Results in Borough the  
Same That They Will Throughout  
The County.

The fight for borough offices has  
begun in Charleroi and it is expected  
to develop into a pretty contest be-  
fore the arrival of election day. Three  
councilmen, two school directors and  
a constable chiefly are to be elected  
November 2.

In spirit a borough election usual-  
ly partakes to a considerable extent  
of the non partisan idea. Party af-  
filiations are lost sight of to a certain  
extent. This year promises to be no  
exception, though there will be a  
large number of straight ballots cast  
in November and these count heav-  
ily.

The first advertising has been  
started. George D. Clark one of the  
nominees on the Democratic ticket  
for school director has placed his  
card in the Mail as a candidate. But  
a month is left until election day so  
the campaign will be opened soon in  
earnest.

The Republican candidates for  
council are D. R. Duvall, Capt. J. K.  
Hein and H. L. Swickey. Demo-  
cratic candidates are Delbert Carson,  
William Monroe and William Saut-  
ers. Every candidate in the field,  
Republican and Democratic are well  
known. Here, however, the Republi-  
cans will have the advantage from  
several reasons, among which might  
be mentioned the general tendency of  
Republicans to vote straight for  
councilmanic positions and the other  
as mentioned in a previous paragraph  
the probability of a large number of  
straight ballots being cast.

School director candidates are:  
Republican—W. D. Pollock and John  
Campbell; Democratic—George  
Clark and Samuel Martin. For  
school director there will be  
waged a close contest, for here is  
where cutting may be done. It  
would be hard to predict results.

Where a pretty battle will result  
it is expected is in the election of a  
constable. George Statlein has the  
Republican nomination if the official  
count does not disturb his lead of two  
votes. Benjamin Wilson has the  
Democratic nomination. At the  
present time it might be guessed  
Statlein has the place roped, but  
Wilson's friends are going to make a  
fight and he will have pretty substan-  
tial backing especially among the  
church people.

For auditor Paul H. Ryland is  
the Republican candidate and John  
Clutter the Democratic candidate,  
with one to be elected. C. W. Abright  
is a candidate for high constable on  
the Republican ballot against James  
Myers on the Democratic.

## WEST PENN COMPANY TO EXPAND BY ADDITION TO POWER PLANT

Connellsville Concern With Plant  
Here Will Spend \$1,000,000 in  
Noteworthy Improvement.

The West Penn Traction company  
will spend \$1,000,000 in the installa-  
tion of a complete power unit of a  
capacity of 19,000 kilowatts at their  
plant at Connellsville. The contract  
has already been let and sub-contract-  
ors have begun excavating. Occu-  
pancy by March 1 is the goal and  
this will necessitate a rush job.

That this will be followed by other  
improvements of a similar nature  
was the intimation. The present ad-  
dition to the power plant will bring  
the total investment of the company  
there to \$3,500,000. Inasmuch as a  
West Penn plant is located here the  
improvement will have a direct bear-  
ing.

## MILLER CONDUCTS COSTLY CAMPAIGN

Beallsville Man Who Ran  
For Sheriff Says He  
Spent \$4,945.02

### HEFFRAN'S BILLS NOT HIGH

Charles E. Miller of Beallsville,  
Republican candidate for the nomina-  
tion for sheriff and who was second  
in the race, losing out to F. B.  
Wickerham, of Monongahela, spent,  
according to his statement just filed,  
the sum of \$4,945.02 in seeking the  
nomination. He paid \$375 to O. M.  
Henderson for services as secretary.  
Mr. Miller's miscellaneous and travel-  
ing expenses were \$1,200. He paid  
out \$150 for automobile hire. For  
payment of watchers in various pre-  
cincts, these not being named, or  
who received the money, he paid  
\$1,200. This amount was paid out in  
sums less than \$10. For "dissemina-  
tion of information, donations, etc.,"  
he paid out \$150. He paid \$750 for  
stamps, envelopes etc. The bal-  
ance was paid for advertising. He  
says he has no unpaid bills.

Samuel Ampoker, one of the judi-  
cial candidates on the non-partisan  
ticket, paid out \$416.45. The large  
part of this was paid for advertis-  
ing, for envelopes, stationery, etc.  
He paid "about" \$100 for auto hire,  
repairs, gasoline and oil. He received  
no donations and has no unpaid  
bills.

James T. Heffran, Republican  
nominee for coroner expended \$155-  
11 in his campaign. He has unpaid  
obligations to the amount of \$87.80.  
He has two advertising bills, whose  
amount he does not know. He paid  
out \$10 for watchers in sums of  
\$5 and less. The balance was spent  
in advertising. W. S. Lockhart, Republi-  
can nominee for clerk of courts, spent \$422.50.  
He has unpaid obligations to the

## WILL COLLECT TAXES BY SUING FOR THEM

School Board Gives Until First of October for  
Payment--After This School Solicitor Will

Heroic measures will be adopted the year. In past years it has been  
for the collection of school taxes in necessary at times to borrow money  
from the banks and to pay the regu-  
lar 6 per cent interest. This when  
money enough was due the  
school district to satisfy all immed-  
iate obligations has in the opinion  
of the school board proven inconsis-  
tent with economical methods and has  
warranted the present action being  
taken.

Upon the expiration of the time lim-  
it of October 1 Tax Collector Mathias  
will simply deliver to the school so-  
licitor the names of the delinquents.  
Suit will be immediately instituted,  
and collection enforced, with extra  
cost added.

## ADAMS IS WINNER OVER BROWNELLER

Change Made by Official Count From First An-  
nounced Primary Result--Watson Gains in Lead--  
Wickerham Wins Over Miller by 110 Votes

George E. Adams of Washington,  
is one of the Republican nominees for  
the office of poor director. He wins  
out over H. D. Browneller of West  
Brownsville, at present a member of  
the poor board by a plurality of 15  
votes. The official figures, secured  
Monday after the missing returns  
from Chartiers third precinct had  
been secured gives Adams 3,638  
votes and Browneller 3,623, making  
the plurality of the former over the  
latter 15.

It was generally believed last Sat-  
urday afternoon that Mr. Adams had  
the nomination. The first totals made  
from figures checked off as the offi-  
cial return board read the poor di-  
rector votes showed totals about as  
given above. However a later ad-  
dition was made and it appeared to  
give Browneller the lead. No mis-  
take at that time could be found.  
Later though it was ascertained  
that a mistake had been made in a  
Browneller vote from one of the pre-  
cincts. It was therefore certain that  
the official figures would give the vote  
to Adams.

The official return board was un-  
able to make any totals until Monday  
due to the fact that official returns  
from Chartiers third were not to be  
found. The return board was will-  
ing to certify it had not been re-  
turned. Upon advice of the court,  
upon the board's affidavit, the com-  
missioners secured a rule on the el-  
ection board of that precinct to show  
cause why these returns were not in.  
The board made answer that it be-  
lieved the returns had been made.  
The court thereupon directed the  
ballot box to be brought into court.

amount of \$45.25. His money was  
spent in advertising.

Edward Taylor a candidate for the  
nomination for county commissioner,  
spent \$104.50 in seeking to land the  
nomination. He spent \$12 for trans-  
portation of voters, \$3 for a watcher,  
\$8 for traveling expenses. The bal-  
ance was spent in advertising, auto  
hire, etc.

## DARING THIEVES MAKE EASY GETAWAY WITH KITTLE AUTO

COAL COSTING MORE THAN EVER  
THIS FALL; TEAMSTERS RAISE

Advance For Hauling Means That  
One Cent a Bushel More Has Now  
To Be Paid.

The cost of living has taken an-  
other jump, this time in the cost of  
fuel. Coal this fall and winter will  
retail delivered to the consumer at  
the price of eight cents per bushel.  
This is an advance of one cent per  
bushel over last year's price.

The advance is not from any de-  
sire of the coal operators here to raid  
in wealth. Not long ago the major-  
ity of the teamsters of Charleroi or-  
ganized a union. Prices were estab-  
lished. The price of hauling coal,  
according to the teamsters was found  
to be too small, so upwards it was  
shoved. The difference is just one  
cent per bushel, which on 100 bush-  
els totals up to \$1.

### STATE POLICE ARE HUNTING

Thorough Search Being Made  
Throughout Southwestern Part of  
State for Trace of Car--Robbery  
Causes Big Sensation.

Police of practically every part  
of southwestern Pennsylvania, with  
the state police are trying today to  
run down during automobile thieves  
who made away with the automob-  
ile of John Kittle of Speers, some-  
time after midnight. The Kittle  
garage is located not 20 feet from  
the house where the family was sleep-  
ing, but not a sound was heard.

The car stolen was a new six-  
cylinder, seven passenger Buick,  
arriving the license number of 59-  
634. The engine number was 12911.  
The first knowledge had of the  
theft was about 2 o'clock Mon-  
day morning when Mr. Kittle noticed  
the garage empty. It is supposed that  
the thieves had simply opened the  
doors and by their own power pulled  
the car down a little knoll, a fence  
starting the engine. The test was  
easy.

Police in Charleroi, Monessen and  
other towns were notified as soon  
as possible by Mr. Kittle as was Speers  
garage here from where the car  
was purchased. The state police at  
all sub-stations in the southwestern  
part of the state were informed and  
given a complete description of the  
machine.

No clues could be established to-  
day that could be followed. It is be-  
lieved by the state police that the  
thieves headed for West Virginia in  
the hope of making an easy getaway.  
The police in West Virginia, together  
with automobile men have been notified  
to be on the lookout.

The automobile robbery is one of  
the first to be reported in this region  
and has created a sensation.

## GETS DISCHARGE; ENDS HIS LIFE

Allen Kyle Fires Bullet  
Through Brain at His  
Home in Catsburg

### MANAGED COMPANY STORE

Andrew Allen Kyle manager of the  
store of the Pittsburgh Coal company  
at Catsburg ended his life with a  
revolver about 2:30 o'clock Monday  
afternoon at his home. The body  
was taken in charge by Deputy Cor-  
oner Carl J. Yohe and Coroner Heff-  
ran was notified.

For the past few weeks Mr. Kyle  
had worried over the prospect of  
losing his position. It is said that  
the Pittsburgh Coal company told  
him, in spite of the fact that many of  
the mines were shut down that the  
store was not getting enough busi-  
ness. Mr. Kyle received word Mon-  
day that he could hunt another job  
and that he must leave his apartment  
above the store, which was the prop-  
erty of the company.

Mr. Kyle received the notice of his  
discharge calmly enough and then  
left home to hunt another house. He  
returned shortly after 2 o'clock  
Monday afternoon and told his wife  
that he wanted to talk their plans  
over with her. She told him that it  
was not necessary to discuss plans.  
There was only one thing to be done  
first and that was rent another house.  
Kyle left her in the kitchen and  
walked into a bedroom. A moment  
later Mrs. Kyle heard a shot and  
rushed to the bedroom to find her hus-  
band lying on the floor a bullet  
wound in his head. A doctor was  
summoned but Kyle was dead when  
he arrived.

The dead store manager leaves his  
wife and one daughter, Mrs. Fred  
Wagner of Swissvale. He was 53  
years of age. For a time he man-  
aged the company store at Black Dia-  
mond and then went to Catsburg.

DISTRICT; IS CAUGHT  
A man by the name of Fred Skees,  
having acquired as it is reported a  
neat little jag Monday evening pre-  
ceeded to walk into the home of a  
foreign family of Shady avenue and  
First street. It being an untimely  
hour for social calls the foreign people  
mistook Skees for a night marauder  
and Chief Abright with the patrol  
wagon was called to the scene. Skees  
was arrested and placed in the back-  
up to await a hearing.

He was a popular man in Mon-

## MIDNIGHT OIL

Our barnyards have not yet had electric lights installed so the domes-  
tic animals still go to bed at dusk.  
In these days when every village  
boasts its electric light plant and  
the streets of even our smaller mun-  
icipalities are ablaze with light, night  
is for all practical purposes as light  
as day and the primitive instinct to  
seek shelter and repose with the fall-  
ing darkness has been lost to civil-  
ized mankind, says Samuel G. Dixon,  
state health commissioner.

The modern tendency seems to be  
to shorten the hours of work and ex-  
tend the hours of play into those  
that in the cosmic scheme of things  
were intended by Nature for rest.  
While there is little truth in the old  
saying that "an hour's rest before  
midnight is worth two thereafter,"  
the danger is that extending pleasure  
and entertainment to late hours of  
the night breeds an irregularity of  
habit which is not conducive to good  
health. Late frolics after a day's  
work are apt to lead to unusual ex-  
haustion for which the ordinary al-  
lotment of sleep will not compensate.  
Fortunately the majority of us  
in this world have a considerable  
amount of work to do each day. If  
we keep late hours at night the ten-  
dency is to expend our energy on  
pleasure instead of the real busi-  
ness of life.

Daylight is the best time for phys-  
ical work or brain work. The early  
morning hours beat the midnight al-  
lure for the student and scholar.  
The great majority of authors do  
their work in the morning.

Poor Richard says that "he who  
riseth late must trot all day." The  
midnight hours no matter how bril-  
liantly illuminated are a poor ex-  
change for those of the early morn-  
ing.

No educational institution of high  
er learning graces the hill district or  
any other district of Charleroi, un-  
less you could call the high school  
such, and the town has never been  
particularly featured as the center  
of any great educational movement.  
Still it is a center, evidence of which  
lies in the number of out-of-town pu-  
pils enrolled in the high school course;  
also in the course of its privately  
conducted business college.

The Charleroi high school football  
team, the representative eleven in  
the favorite fall sport here, has won  
one game and lost one, playing worthy  
opponents in both. It is not such a  
bad beginning, considering that the  
team won the one from the local lads  
in a par with most of the academy  
and some of the college teams of this  
and other states. High school foot-  
ball is worth while, as also is high  
school basketball. There is a fine  
advertisement for the rapidly grow-  
ing institution of learning on the hill  
than its athletic feature.

## PICKED UP IN PASSING

Sunday a well known man walked  
past a hotel, where in front of the  
large window were grouped several  
young men, each one with his feet  
elevated to a convenient railing and  
each one appearing glum.

The pedestrian surveyed the scene,  
and then came back on the opposite  
side of the street. He called the at-  
tention of another man, pointing to

the window. Both enjoyed what  
seemed to be a huge joke.

Later one of the group inside the  
hotel took it upon himself to in-  
vestigate the cause. He discovered it  
was simply a sign in bold letters in  
the window directly in front of where  
they had been sitting. Or it were  
just two words like this:  
WANTED  
GIRLS

The lawyer shook his finger warn-  
ingly at the witness and said:  
"Now, we want to hear just what  
you know, not what someone else  
knows, or what you think of any-  
thing of that kind, but 'what you  
know, do you understand?'"  
"Well, I know," responded the  
witness with emphasis, as he lifted  
one limber leg and laid it across the  
other. "I know that Clay Grubb said  
that Bill Thompson told him that he  
heard John Thompson's wife tell Sid  
Shumford's gal that her husband was  
there when the fight took place and  
that he said that they slung each other  
around in the bushes right con-  
siderable."

The lawyer glared at the witness  
and said curtly:  
"You may stand down, sir!"

## AGED WOMAN FALLS INTO WELL; DROWNS

Mrs. Anna Katalko Found at Bot-  
tom. Life Extinct—Supposed She  
Was Trying to Draw Windlass  
When She Fainted—Coroner No-  
tified.

Life extinct the body of Anna Kat-  
aliko, aged 80 years was found at  
the bottom of a 15 foot well at the  
home of her daughter Mrs. John  
Sincheck at Van Voorhis this morn-  
ing at 5 o'clock. It is supposed the  
aged woman tumbled into the well  
while drawing water for a drink  
some time between 9 o'clock Monday  
night and 5 o'clock this morning.

Mrs. Katalko has not been in the  
best of health for some time, and had  
formed the habit of arising at dif-  
ferent hours of night to get water  
from the well. A windlass was used  
in raising the water, and the suppo-  
sition is that Mrs. Katalko was op-  
erating this when she fainted or that  
the insecure railing broke, precipitat-  
ing her into the water. Deputy Cor-  
oner Carl Yone of Monaca was no-  
tified as was also Coroner James  
T. Heffran.

## NEWLYWEDS TENDERED RECEPTION BY FRIENDS

Monday evening at the home of  
Mr. and Mrs. Charles Hill a recep-

participated in by 60 of their friends  
from Charleroi, the surrounding  
country districts and nearby towns,  
who showed their appreciation by  
leaving with the newlyweds many  
gifts of remembrance. The Hill  
home was decorated in a pleasing  
manner, the prevailing colors being  
pink and white. Refreshments were  
served. The occasion was enlivened  
by vocal and instrumental music.  
Mr. and Mrs. Hill were tendered the  
warmest congratulations and best

No, indeed; the woman who gets it

kiss is loaded with cold mauls.

Married women ought to make good  
fun. They know what damned liars  
all the men are, and they are wise to  
all the alibis.

What if any is the difference be-  
tween the old time tank melodram-  
mer and the modern six reel movie  
thriller?

A man believes that the other fel-  
low's girl may be fallible. But he  
knows that his girl is pure and irre-  
proachable.

What is the use of fussing around  
and courting a girl for two years when  
you can cop her out or know where  
you stand the very first night you meet  
her?

Marriage is like the ten cent mystery  
out at a street fair. It doesn't cost  
much to get in, but it costs a lot be-  
fore you get out.

Appearances are deceitful. The man  
who thumps the bar the hardest when  
he tries to attract the barkeeper's at-  
tention is always the fellow who is go-  
ing to pay for the drinks.

Mother will gather up all her coffee  
books, soap tags, trading stamps and  
grocery checks and will get a lot of  
Christmas presents with them. And  
father will come home and indignantly  
about mother spending all his good  
money for a lot of junk to give to peo-  
ple who will not appreciate it.

## For Manly Men

We have purposely made up  
a tobacco to appeal to the strong,  
vigorous man who wants full  
flavor and fragrance combined with  
honest sweetness in his smoke  
or chew. This tobacco is  
FIVE BROTHERS. It is designed  
especially to satisfy the tobacco-  
hungry man. It fills the bill.

Firemen, policemen, out-of-doors  
men, two-fisted men in general, all say  
FIVE BROTHERS satisfies. Once they  
start using FIVE BROTHERS they cannot  
get the same satisfaction out of any other  
brand.

## FIVE BROTHERS Pipe Smoking Tobacco

has character to it. That's why it appeals to and pleases these men of  
sturdy character.

FIVE BROTHERS is made from pure Southern Kentucky leaf, aged  
for three to five years, so as to bring out slowly and naturally all the juicy  
mellowness and richness  
of the tobacco. That's  
why its quality never  
varies—and that's why  
hurried-up, hashed-up  
tobaccos can't compare  
with FIVE BROTHERS.

In strenuous hours  
of work or in pleasant  
hours of relaxation, be  
sure to have some of  
this wonderful tobacco  
with you.

## FIRST DOSE ENDS INDIGESTION, HEARTBURN, OR GAS ON STOMACH

People with weak stomachs should  
take Tonoline Tablets occasionally and  
there will be no more indigestion, no  
feeling like a lump of lead in the stom-  
ach, no heartburn, sour risings, gas  
on stomach, or belching of undigest-  
ed food, headaches, dizziness or sick  
stomach; and beside what you eat will  
not ferment and poison your breath  
with nauseous odors. All these symp-  
toms resulting from a sour, out-of-  
order stomach and dyspepsia are gen-  
erally relieved in five minutes after tak-  
ing Tonoline Tablets.

Go to your druggist and get a box  
of Tonoline Tablets and you will al-  
ways go to the table with a hearty ap-  
petite, and what you eat will taste  
good, because your stomach and intes-  
tines will be clean and fresh, and you  
will know there are not going to be  
any more bad nights and miserable  
days for you. Tonoline Tablets fresh-  
en you and make you feel like life is  
worth living.

For women who can never appear  
stylish in anything they wear because  
of their thinness this remarkable  
treatment may prove a revelation. It  
is beauty maker as well as a form  
builder and nerve strengthener.  
Tonoline Tablets cost \$1.00 for a 15  
day's treatment. At druggists or  
mailed by American Proprietary Co.,

## Lime-Loss in Tuberculosis

In the Journal of the American  
Medical Association (January 17,  
1914) was the following:  
"It has been many times stated  
that in tuberculosis or in the pre-  
tuberculous stage an increased  
amount of calcium (lime) is lost,  
both in the urine and feces. In fact,  
a demineralization has been thought  
to be a forerunner of the develop-  
ment of tuberculosis."

"Forced feeding of tuberculous  
patients and the enormous amount of  
eggs and milk once given such pa-  
tients are not now considered advis-  
able by a large number of physicians  
who are specializing in the treat-  
ment of pulmonary tuberculosis."

If tuberculosis is due to a loss of  
lime from the system, the success of  
Eckman's Alternative in the treat-  
ment of this disease may be due, in  
part, to the fact that it contains a  
lime salt, so combined with other  
valuable ingredients as to be easily  
assimilated.

Always we have urged users of  
Eckman's Alternative to attend strictly  
to matters of food.

In addition to rest and proper diet,  
some effective remedial agent seems  
to be needed, and in numerous cases  
of apparent recovery from tubercu-  
losis and kindred throat and bron-  
chial affections Eckman's Alternative  
has supplied this need.

It does not contain opiates, nar-  
cotics or habit-forming drugs, so it  
is safe to try. Your druggist has it  
or will order it, or you can get it  
from us direct.

# PROPOSED AMENDMENTS TO THE CONSTITUTION SUBMITTED TO THE CITIZENS OF THE COMMONWEALTH FOR THEIR APPROVAL OR REJECTION, BY THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA, AND PUBLISHED BY ORDER OF THE SECRETARY OF THE COMMONWEALTH, IN PURSUANCE OF ARTICLE XVIII OF THE CONSTITUTION

Number One.  
A JOINT RESOLUTION  
Proposing an amendment to section one, article eight of the Constitution of Pennsylvania.

Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby proposed, in accordance with the eighteenth article thereof:

That section one of article eight, which reads as follows:  
"Section 1. Every male citizen twenty-one years of age, possessing the following qualifications, shall be entitled to vote at all elections, subject, however, to such laws requiring and regulating the registration of electors as the General Assembly may enact:

"First. He shall have been a citizen of the United States at least one month.

"Second. He shall have resided in the State one year (or, having previously been a qualified elector or native-born citizen of the State, he shall have removed therefrom and returned, then six months) immediately preceding the election.

"Third. He shall have resided in the election district where he shall offer to vote at least two months immediately preceding the election.

"Fourth. If twenty-two years of age and upwards, he shall have paid within two years a State or county tax, which shall have been assessed at least two months and paid at least one month before the election," be amended so that the same shall read as follows:

Section 1. Every citizen, male or female, of twenty-one years of age, possessing the following qualifications, shall be entitled to vote at all elections, subject, however, to such laws requiring and regulating the registration of electors as the General Assembly may enact:

First. He or she shall have been a citizen of the United States at least one month.

Second. He or she shall have resided in the State one year (or, having previously been a qualified elector or native-born citizen of the State, he or she shall have removed therefrom and returned, then six months) immediately preceding the election.

Third. He or she shall have resided in the election district where he or she shall offer to vote at least two months immediately preceding the election.

Fourth. If twenty-two years of age and upwards, he or she shall have paid within two years a State or county tax, which shall have been assessed at least two months and paid at least one month before the election.

Fifth. Wherever the words "he," "his," "him," and "himself" occur in any section of article VIII of this Constitution the same shall be construed as if written, respectively, "he or she," "his or her," "him or her," and "himself or herself."

A JOINT RESOLUTION

Proposing an amendment to section eight of article nine of the Constitution of Pennsylvania.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following is proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:

Amend section eight, article nine of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund of their cancellation shall be established and maintained," so that it shall read as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district in-

cur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund of their cancellation shall be established and maintained," so that it shall read as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district in-

cur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund of their cancellation shall be established and maintained," so that it shall read as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district in-

cur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund of their cancellation shall be established and maintained," so that it shall read as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district in-

cur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund of their cancellation shall be established and maintained," so that it shall read as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district in-

cur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt or debts, and the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund of their cancellation shall be established and maintained," so that it shall read as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district in-

cur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the assent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which on the first day of January, one thousand eight hundred and seventy-four, exceeded seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation. The city of Philadelphia, upon the conditions hereinafter set forth, may increase its indebtedness to the extent of three per centum in excess of seven per centum upon such assessed valuation for the specific purpose of providing for all or any of the following purposes, to wit: For the construction and improvement of subways, tunnels, railways, elevated railways, and other transit facilities; for the construction and improvement of wharves and docks and for the reclamation of land to be used in the construction of wharves and docks, owned or to be owned by said city. Such increase, however, shall only be made with the assent of the electors thereof at a public election to be held in such manner as shall be provided by law. In ascertaining the borrowing capacity of said city of Philadelphia, at any time, there shall be excluded from the calculation a credit, where the work resulting from any previous expenditure, for any one or more of the specific purposes hereinabove enumerated shall be yielding to said city an annual current net revenue; the amount of which credit shall be ascertained by capitalizing the annual net revenue during the year immediately preceding the time of such ascertainment. Such capitalization shall be accomplished by ascertaining the principal amount which would yield such annual, current net revenue, at the average rate of interest, and sinking-fund charges payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.

In incurring indebtedness, for any one, or more of said purposes of construction, improvement, or reclamation, the city of Philadelphia may issue its obligations maturing not later than fifty years from the date thereof, with provision for a sinking-fund sufficient to retire said obligation at maturity, the payments to such sinking-fund to be in equal or graded annual installments. Such obligations may be in an amount sufficient to provide for and may include the amount of the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges, as required by section ten of article nine of the Constitution of Pennsylvania, until the expiration of said period of one year after the completion of such work.

A JOINT RESOLUTION

Proposing an amendment to section twenty-one of article three of the Constitution of Pennsylvania.

Section 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendment to the Constitution of the Commonwealth of Pennsylvania be, and the same is hereby proposed, in accordance with the eighteenth article thereof:

Amend section twenty-one, article three of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"No act of the General Assembly shall limit the amount to be recovered for injuries resulting in death, or for injuries to persons or property, or in case of death from such injuries, the right of action shall survive, and the General Assembly shall prescribe for whose benefit such action shall be prosecuted. No act shall prescribe any limitations of time within which suits may be brought against corporations for injuries to persons or property, or for other causes different from those fixed by general laws regulating actions against natural persons, and such acts now existing are avoided," so that it shall read as follows:

The General Assembly may enact laws requiring the payment by employers, or employers and employees jointly, or reasonable compensation for injuries to employees arising in the course of their employment, and for occupational diseases of employees, whether or not such injuries or diseases result in death, and regardless of fault of employer or employee, and fixing the basis of ascertainment of such compensation and the maximum and minimum limits thereof, and providing special or general remedies for the collection thereof; but in no other cases shall the General Assembly limit the amount to be recovered for injuries to persons or property, or in case of death from such injuries, the right of action shall survive, and the General Assembly shall prescribe for whose benefit such actions shall be prosecuted. No act shall prescribe any limitations of time within which suits may be brought against corporations for injuries to persons or property, or for other causes different from those fixed by general laws regulating actions against natural persons; and such acts now existing are avoided.

A JOINT RESOLUTION

Proposing an amendment to the Constitution of this Commonwealth in

accordance with provisions of the eighteenth (XVIII) article thereof. Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby provided by the authority of the same, That the following be proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth (XVIII) article thereof:

AMENDMENT.

Laws may be passed providing for a system of registering, transferring, insuring, and guaranteeing, and by the State, or by the counties, thereof, and for settling and determining adverse or other claims to and interest in lands the titles to which are so registered, transferred, insured, and guaranteed; and for the creation and collection of indemnity funds; and for carrying the system and powers hereby provided for into effect by such existing courts as may be designated by the Legislature, and by the establishment of such new courts as may be deemed necessary. In matters arising in and under the operation of such system, judicial powers, with right of appeal, may be conferred by the Legislature upon county recorders and upon other officers by it designated. Such laws may provide for continuing the registering, transferring, insuring, and guaranteeing such titles after the first or original registration has been perfected by the court, and provision may be made for raising the necessary funds for expenses and salaries of officers, which shall be paid out of the treasury of the several counties.

the mountain range. On the summits they are combated by head winds and frequent violent high mountain air currents, the occasional terrific force of which to be thoroughly appreciated must be encountered on the summits of the range.

Such portions of the grasshopper, flights as are so unfortunate as to be compelled to settle on the glaciers in order to seek shelter from the opposing insurmountable winds become chilled by contact with the snow and ice surface of the glacier and are overcome, remaining unable to rise for newly attempted flight. The glacier then becomes their sepulcher."

RECIPE FOR DUTCH CHEESE

One of the Best Methods of Disposing of Sour Milk—Kept Dry, It Will Improve With Age.

Dutch cheese can be made from sour milk. When solid and thick the milk should be put in an agate basin or pan over a slow, gentle heat, and allowed to become scalding hot but never to boil; boiling turns the curd to a tough leathery consistency and renders it indigestible. A clean finger is the best thermometer; as the curd forms in the center of the pan and the water recedes to the edges separate the curd carefully with the finger so that the heat will be evenly distributed through it, but do not break it up too much.

When the water or whey becomes scalding hot remove the pan from the fire, pour the contents into a cheesecloth bag and hang it up to drain. When it has stopped dripping turn the cheese into a bowl, add salt, a generous dash of cayenne pepper, and enough sour cream to thin it so that it may be made into balls. Keep it in a dry place where it will not mold and it will improve with age. When it becomes dry moisten it again with sour cream or the sour cream dressing. Skim all the cream off the milk before putting it in the pan, as the cream melts in the hot whey and is lost.

Cayenne pepper adds largely to the tastiness as well as the digestibility of all dishes made from cream or milk and is a good stomach tonic in hot weather.

Recipes Of Our Pioneer Mothers for the home treatment of disease they knew nothing of drugs, but owed their success to the roots, herbs and bark of the field. It is interesting to note that Lydia E. Pinkham's Vegetable Compound the most successful remedy for female ills we have, was originally prepared for home use from one of these recipes. Its fame has now spread from shore to shore and thousands of American women now well and strong claim they owe their health and happiness to Lydia E. Pinkham's Vegetable Compound.

## DONORA SUES RAILROAD FOR RETURN OF STREET

Claim is Made That Pennsylvania System Are Occupying Portion of Third Street, Which Formerly Was Part of Public Road

The court Monday awarded an alternative writ of mandamus upon a petition in the suit of the commonwealth ex rel. the borough of Donora against the Pennsylvania Railroad company. It is sought by the borough to make the defendants restore to a portion of Third Street in that borough and to put into as good a condition as the original road and to also cause to be made good and sufficient causeways so as to enable the occupants of the land adjoining certain streets and alleys in the borough, to cross of pass over the same.

Third street, the street in question is set forth, was for years a portion of a public highway that extended from West Columbia, now a part of Donora to the village of Lock No. 1 now North Charleroi. It is further averred that since or about 1889 the P. V. & C. Railroad company and the Pennsylvania Railroad company have occupied said road, now known as Third Street, for a distance of about 2,000 feet, from a point near Gerry street, in said borough, to a point near Washington street. It is averred the railroad company completely changed the site and destroyed said portion of the public road. Several streets and alleys, it is further set out are crossed by said railroad company's tracks, thereby impeding the passage and transportation of persons or property over these streets and alleys.

It is claimed the railroad company has refused to cause said portion of this highway to be constructed in as perfect a manner as was the original road, or to put these crossings in shape that they may be used.

## IRWIN TO BE THE ONLY CANDIDATE FOR JUDGE

His Name Alone Will Appear on Official Ballot in November. According to Count Just (Copyright)—Figures Given in Detail.

The name of Judge Irwin will appear on the ballot at the November election as the only candidate for judge of the court of common pleas. This is official. The returns as compiled by the official board, shows that Judge Irwin has 178 votes more than enough to make him the required percent to make his nomination virtually an election.

The official returns shows that Judge Irwin received 7,826 votes; Clark, 5,592; Omspoker, 1,904, and Fulton, 571. The number of non-partisan ballots cast as compared to the commissioners, was 17,995. The law as to the judgeship nomination, is that in order to make the nomination virtually an election a candidate must receive more than half the number of the total ballots cast. In this instance the number of non-partisan ballots cast is more than the party ballots cast by all parties.

It was necessary, taking into consideration the fact that 17,995 non-partisan ballots were cast for Judge Irwin to receive 8,548 votes. He received 8,726 so that he had 178 more than enough to make him the only nominee.

A remarkable fact is that while it is stated that there were 17,995 non-partisan ballots cast, there were only 11,503 votes for candidates for the nomination for common pleas judge. Consequently there were 1,222 non-partisan ballots cast, which were either not voted or were rejected. According to the official figures Judge Irwin's plurality over Norman E. Clark is 2,225. Judge Irwin's majority is 589. The number of party ballots cast was 16,220, distributed as follows: Republican, 11,833; Democrat, 3,661; Socialist, 406; Washington, 196 and Prohibition 124.

John Benedict Head, George B. Orlady and William D. Wallace of Westmoreland, Huntingdon and Lawrence counties respectively are the leaders in the superior court judge candidacy in this county. The official figures are as follows: John Benedict Head, 7,288; Stephen Howard Huselton, 4,954; George B. Orlady, 5,584; Charles Palmer, 3,900; William D. Wallace, 5,929 and J. Henry Williams 4,589.

## Afraid of Death.

"The pomp of death," said the wise Bacon, "frightens us more than death itself." The king of terrors has no terrors that we have not lent him. And yet who would disagree with the sentiment of the unhappy Oscar Wilde? "Death is the only thing that ever terrifies me. I hate it. One can survive everything nowadays except death." But Wilde did not hate death when it finally came to release his harassed and broken spirit. Reason and common sense bid us neither to hate nor to fear death, but simply to ignore it until the hour comes, and then to accept it just as we accept life. A Roman stoic philosopher was discoursing one day on life and death.

"They are just the same," he said; "there is no difference between them."

"Why don't you die, then, if there is no difference?" one of his disciples asked.

"Because there is no difference," returned the philosopher.—Boston Globe

## Feats of Cider Drinking.

Will cider—which was drunk in England even in the days of the Romans—become in popularity as a result of escaping the new taxation? A century or so ago enormous quantities were consumed, more particularly in the cider districts, where the drink is still popular. In his Cambridge reminiscences Henry Gunning says that in 1788 when he was a tutor in Herefordshire he witnessed some extraordinary feats in cider drinking. Farm laborers were allowed to drink as much as they liked, and it was not unusual for a man to put his lips to a wooden bottle containing four quarts and not remove them until he had emptied it.

## Making a Concrete Buoy.

Re-enforced concrete during the last few years has been invading many fields which hitherto have been considered as belonging exclusively to iron and steel. One of the interesting illustrations of this fact is the construction of a concrete buoy at Kingston, Jamaica.

It is stated that the cost is only about 50 per cent of the cost of a similar buoy made of steel.

To prevent the incoming ocean from stirring the bottom of the buoy the latter is made concave. The manhole cover was grouted into its place after the buoy was afloat. Leakage is handled by means of a pump-out.

## The "Know How" of Cookery

is the result of long experience and study. For years, expert cooks have been converting the inner meats of choice Indian Corn into delicious, golden-brown crisps—Post Toasties.

A constant endeavor to make Toasties better has produced the

## NEW Post Toasties

which have a new flavour and form—a true corn flavour and tender crispness unknown to "corn flakes" of the past.

The new process raises tiny pearl-like "puffs" on each flake—a distinguishing feature; also imparts substantial form—the new Toasties don't mush down when cream or milk is added.

They come factory-fresh in wax-sealed packages—as crisp and appetizing as when they leave the ovens—and that's mighty good!
